

2017

INVESTMENT PROJECTS

TOMSK REGION

Investment Projects in Tomsk Region: Mining, Oil & Gas

Commercial Development of Yuzhno-Aleksandrovsky and Kuskovsko-Shiryayevsky Portions of Tuganskoye Ilmenite-Zirconium Placer Deposit in Tomsk Region

1

Design and construction of a mining and processing plant to provide zirconium, ilmenite, rutile-leucoxene concentrates and silica sand for glass production	Project life	:	2013–2022
New jobs: 704	Estimated project cost	:	13 600.00 mln rubles
Project geography	:	Tomsky District	
Project investor/initiator	:	AO Tugansky gorno-obogatitelny kombinat Ilmenite	

Exploration of Hydrocarbons in the North-Eastern Part of Tomsk Region (Vostok Program)

2

Recovery of hydrocarbons to feed the Eastern Siberia – Pacific Ocean oil pipeline. Oil volume to feed the pipeline: 15–18 mln tons Gas volume: 6 bln m ³	Project life	:	2009–2018
	Estimated project cost	:	11 750.00 mln rubles
Project geography	:	Kolpashevsky District, Kargasovsky District	
Project investor/initiator	:	Department of subsurface management of Central Siberian District (TsentrSibnedra), Krasnoyarsk	

Investment Projects in Tomsk Region: Mining, Oil & Gas

Extraction of Hydrocarbons on the Tomsk region territory

3

Gas production: 2 209.0 mln m³; APG production:
1 087.0 mln m³; oil production:
1 834.0 thousand tons/year; stabilized condensate
production: 188.0 thousand tons/year; commercial
propane-butane blend production:
526.0 thousands tons/year

New jobs: 332

Project life : 2009–2020

Estimated project cost : 99 934.00 mln rubles

Project geography : Parabelsky District, Kargasoksky District

Project investor/initiator : OAO Tomskgazprom

Oil Well Drilling on the Ugno-Pudinsky License Area

4

Oil production – 2 802.1 thousand ton up to 2048,
including 1 644.2 thousand ton up to 2024

New jobs: 50

Project life : 2014–2019

Estimated project cost : 6 640.00 mln rubles

Project geography : Parabelsky District

Project investor/initiator : OOO Gazpromneft-Vostok

Investment Projects in Tomsk Region: Mining, Oil & Gas

Increasing the Capacity of the Oil-Trunk Pipeline Aleksandrovskoye - Anzhero-Sudzhensk. Construction of the Oil Pumping Station Pervomayka

The construction of a pumping station for increasing the volume of oil transported by the main oil pipeline Alexandrovskoye - Anzhero-Sudzhensk to 53 mln tons/year

New jobs: 41

Project life : 2014–2024

Estimated project cost : 3 051.00 mln rubles

Project geography : Kolpashevsky District

Project investor/initiator : AO Transneft – Tsentralnaya Sibir

Investment Projects in Tomsk Region: Woodworking and Wood Product Manufacturing

Construction of the Wood Products Industrial Park in Asino

1 Creating the largest forest industry complex (over ten major and auxiliary facilities to produce lumber (220 thousand m³/year), plywood veneer (100 thousand m³/year) and plywood, fiberboards (MDF: 200 thousand m³/year; particleboard: 300 thousand m³/year), furniture and flooring, including timber procurement departments, power plants and the associated infrastructure) with timber processing centers in Asino and Bely Yar

New jobs: 5 500

Project life : 2008–2025

Estimated project cost : 32 400.00 mln rubles

Project geography : Asino, Asinovsky District, Verkhneketsky District, Pervomasky District

Project investor/initiator : Fuhan Wood Industry United Investment Group, AO Ruskitinvest, Avic-Forestry, OOO Henda Sibir

Lumber Production Development

2 The polished board for production of furniture – 30 thousand m³

New jobs: 150

Project life : 2015–2018

Estimated project cost : 330.00 mln rubles

Project geography : Asino, Asinovsky District

Project investor/initiator : OOO Markor Yuan Dun-les

Investment Projects in Tomsk Region: Woodworking and Wood Product Manufacturing

3

Construction of a Particleboard Plant

Construction of a modern particleboard plant with a productive capacity of 350 thousand m³/year; increasing timber harvesting to 1 mln m³/year

New jobs: 243

Project life : 2012–2017

Estimated project cost : 6 347.00 mln rubles

Project geography : Tomsk

Project investor/initiator : OOO Tomlesdrev

Modernization of Production Equipment of the Condensate Processing Plant OOO SibLesTrade

4

Increased business efficiency through the acquisition of milling and profiling circular saw line, sorting line, the timber cutting complex and vehicles

New jobs: 9

Project life : 2012–2018

Estimated project cost : 106.80 mln rubles

Project geography : Krivosheinsky District, Krasny Yar village

Project investor/initiator : OOO ZPC SibLesTrade

Investment Projects in Tomsk Region: Woodworking and Wood Product Manufacturing

Surface Modification of Wood and Wood-Polymer Composites by Plasma Polymerization and Electromagnetic Radiation

5

Research and development in technology and production of wood surface modification equipment to enhance characteristics of wood products

Project life : 2015–2018

Creation of pilot production of container plates in the volume is 100 m³/year

New jobs: 35

Estimated project cost : 48.00 mln rubles

Project geography

: Tomsk, Jena (Germany)

Project investor/initiator

Tomsk State University of Architecture and Construction (co-contractor).
Coordinators:
Germany: INNOVENT e.V. Technology Development (Jena), non-commercial organization.
Russia: OOO Vakta
Investor: Foundation for Assistance to Small Innovative Enterprises

Investment Projects in Tomsk Region: Textile and Garment Industry

1 Modernization, Reconstruction and Renewal of the Linen Production and Processing Factory

Production of linen geotextiles and flax fiber thermal insulation materials – 1 100 thousand m³/year

Project life : 2015–2020

New jobs: 50

Estimated project cost : 70.00 mln rubles

Project geography : Asino, Asinovsky District

Project investor/initiator : OOO Tomsky Len

2 Setting up Production of Import-Substituting Napped Warp Knit Fabric

Production of napped warp knit fabrics (fleece, polar fleece, coral fleece (Wellsoft), plain dyed and printed) - 360 tons of fabrics/year

Project life : 2015–2018

New jobs: 22

Estimated project cost : 75.00 mln rubles

Project geography : Dzerzhinskoye settlement, Tomsky District

Project investor/initiator : OOO Shveinaya fabrika Tsarina

Investment Projects in Tomsk Region: Chemical Industry

Polymer Production Development in OOO Tomskneftekhim

1

Production of low-density polyethylene: 140 thousand tons/year; production of polyethylene: 271 thousand tons/year

Project life : 2012–2020

New jobs: 276

Estimated project cost : 9 705.50 mln rubles

Project geography : Tomsk

Project investor/initiator : OOO Tomskneftekhim, PAO SIBUR Holding

Reconstruction and Modernization of Production of Formalin and Urea-Formaldehydes

2

Construction of two new urea-formaldehyde concentrate (KFK-85) and low-methanol (55 %) formalin plants with an aggregate capacity of 120 thousand tons/year to replace the existing obsolete technologies

Project life : 2013–2017

New jobs: 55

Estimated project cost : 948.00 mln rubles

Project geography : Tomsk

Project investor/initiator : OOO Sibmetakhim

Investment Projects in Tomsk Region: Chemical Industry

Construction of the BOPP Film Production with the Capacity of 38 thousand tones on the Tomskneftekhim Site

3

Production of biaxially oriented polypropylene film –
38 thousand tons/year

Project life : 2012–2019

New jobs: 103

Estimated project cost : 2 716.36 mln rubles

Project geography : Seversk

Project investor/initiator : OOO Biaksplen-T

Construction of New Production of Industrial Gas and Compressed Air

4

Construction of air separation plant, compartment of air
and nitrogen compression, storage system, gasification
and dispensing cryogenic products and utilities systems

Project life : 2013–2026

New jobs: 56

Estimated project cost : 1 323.70 mln rubles

Project geography : Tomsk

Project investor/initiator : OOO Kriogenmash-Gas

Investment Projects in Tomsk Region: Chemical Industry

Development and Organization of Pilot Production of Reagents for Drilling fluids: Stage 1 Creating a Pilot Industrial Production of Reagents, Stage 2 Creating a Large-Tonnage Production of Reagents

5

Pilot production of 3 types of drilling reagents: lubricants, emulsifier and hydrocarbonaceous base, of total capacity of 10.1 thousand tons/year

New jobs: 61

Project life : 2016–2018

Estimated project cost : 360.00 mln rubles

Project geography : ZATO Seversk

Project investor/initiator : OOO NPO ReaSib

Investment Projects in Tomsk Region: Pharmaceutical production

Modernization and Expansion of the Hard-Gelatin Capsules Production

Production of hard-gelatin capsules – 6 mln pieces/year

New jobs: 64

Project life : 2013–2018

Estimated project cost : 337.20 mln rubles

Project geography : Tomsky District, Kaltay village

Project investor/initiator : OAO Artlife

Investment Projects in Tomsk Region: The processing productions

Production and Implementation of Heavy-duty Facilitated Grouting Material for Cementation Oil and Gas Wells Cmplicated by Availability of Layers with Low Pressure Hydraulic Fracturing

The heavy-duty facilitated grouting material

Project life

: 2014–2017

Estimated project cost

: 103.00 mln rubles

Project geography

: Tomsk

Project investor/initiator

: OOO NIITEK TPU-Burenie

Investment Projects in Tomsk Region: Metal industry

Creation of the High-Tech Production Range Import-Replacing Cutting Tool, Including Solid Alloy with Wear-Resistant coatings for processing of Light Alloys, Titanium Alloys, Superalloys and Stainless Steel

Purchase a new equipment and real estate in order to increase production volumes of traditional cutting tools and output of new high-tech positions

Project life : 2013–2018

New jobs: 31

Estimated project cost : 152.04 mln rubles

Project geography : Tomsk, Loskutovo village

Project investor/initiator : OOO Tomsky instrumentalniy zavod

Investment Projects in Tomsk Region: Production of machine and equipment building

Creation and Modernization of Production of Import-Substituting Products Based on the OAO TEMZ

1

Creation production of anti-surge and control valves by building reconstruction and acquisition process equipment on the basis of OAO TEMZ

Project life : 2016–2018

New jobs: 35

Estimated project cost : 1 500.00 mln rubles

Project geography : Tomsk

Project investor/initiator : OAO TEMZ, OOO Tomskie tehnologii mashinostroeniya

Investment Projects in Tomsk Region: Electric, Electronic & Optical Equipment

Modernization of the ZAO Metallist Plant (1 stage)

1

Renewal and modernization of the main wire and cable conductor production unit in order to increase the output of cable products by at least 176 tons/year and 38.5 thousand km/year across the range of products, the output of net to at least 53.9 thousand m²/year, the output of cords to at least 868.0 thousand cords/year

Project life : 2014–2019

New jobs: 6

Estimated project cost : 33.15 mln rubles

Project geography : Kolpashevsky District, Kolpashevo

Project investor/initiator : ZAO Metallist

Expansion and Modernization of Existing Production

2

Programmable logic controllers, intelligent electrical actuators

Project life : 2014–2017

New jobs: 13

Estimated project cost : 43.78 mln rubles

Project geography : Tomsk

Project investor/initiator : AO EleSi

Investment Projects in Tomsk Region: Electric, Electronic & Optical Equipment

Construction of the NPK Microelectronics Production Module

3

Production of Monolithic Integrated Circuits (MIC) of microwave range for production of radio-electronic equipment, devices and systems of microwave range

Project life : 2015–2021

New jobs: 120

Estimated project cost : 1 003.00 mln rubles

Project geography : Tomsk

Project investor/initiator : AO NPF Micran

Upgrade of production of Cable and Conduction Products in Rubber Isolation

4

Construction of the production case and acquisition of the additional equipment for productions of cable and conduction products in rubber isolation, the improving quality the made products and expansion of the range

Project life : 2013–2019

New jobs: 4

Estimated project cost : 648.19 mln rubles

Project geography : Tomsk

Project investor/initiator : ZAO SibCabel

Investment Projects in Tomsk Region: Electric, Electronic & Optical Equipment

Modernization and Technological Development of the AO NPF Micran (I priority)

Creation of plant for production radioelectronic equipment, devices and systems of microwave range production

New jobs: 1088

Project life : 2010–2020

Estimated project cost : 1 369.62 mln rubles

Project geography : Tomsk

Project investor/initiator : AO NPF Micran

Construction of Electronics Manufacturing Plant ZAO TOMZEL

Design and development of mass production of electronic control systems for explosion-proof actuators. Creating the electrical actuators closed production cycle

New jobs: 25

Project life : 2014–2018

Estimated project cost : 226.66 mln rubles

Project geography : Tomsk

Project investor/initiator : ZAO TOMZEL

9

10

Investment Projects in Tomsk Region: Information technology

Data-Center Siberia

1

Creation of large data-center: 6 machine hall, more 1000 IT cabinets, cloud technologies, a wide complex of service and group of specialists

Project life : 2014–2018

New jobs: 58

Estimated project cost : 3 600.30 mln rubles

Project geography : ZATO Seversk

Project investor/initiator : OOO Data-Center Siberia

Investment Projects in Tomsk Region: Production of Coke, Petroleum Products and Nuclear Materials

Construction of Fabrication Module and Start-up Module of Re-fabrication of Dense Mixed Uranium-Plutonium Fuel for Fast Breeder Reactors

1

Dense mixed uranium-plutonium fuel: in fabrication – 14 tons/year, in re-fabrication – 5 tons/year

New jobs: 300

Project life : 2013–2020

Estimated project cost : 27 288.85 mln rubles

Project geography : ZATO Seversk

Project investor/initiator : AO Siberian Group of Chemical Enterprises
, Rosatom Group of Companies

Construction of a pilot demonstration complex with a BREST-OD-300 fast neutron reactor and an on-site nuclear fuel cycle

2

Maturation of the new-generation nuclear power technologies; construction of a pilot commercial lead-cooled reactor with an on-site nuclear fuel cycle. Electrical output: 300 MW/year

New jobs: 650

Project life : 2013–2020

Estimated project cost : 17 779.27 mln rubles

Project geography : ZATO Seversk

Project investor/initiator : AO Siberian Group of Chemical Enterprises
, Rosatom Group of Companies

Investment Projects in Tomsk Region: Production of Coke, Petroleum Products and Nuclear Materials

Construction of the Spent Fuel Processing Module of the Fast-Breeder Reactors

3

The mixed oxides of uranium and plutonium for re-fabrication - 5 tons/year

New jobs: 200

Project life : 2014–2020

Estimated project cost : 19 574.00 mln rubles

Project geography : ZATO Seversk

Project investor/initiator : AO Siberian Group of Chemical Enterprises, Rosatom Group of Companies

Investment Projects in Tomsk Region: Power, Water & Gas Production and Distribution

1 Reconstruction of OOO STES No. 4 Boiler Station Running on Associated Gas with Construction of a mini CHP Station

Generation of auxiliary power by No. 4 boiler station and supply to the city mains in parallel with the urban electric network in the long term

Project life : 2010–2017

New jobs: 26

Estimated project cost : 116.24 mln rubles

Project geography : Strezhevoy city

Project investor/initiator : OOO STES

2 Reconstruction of Central Heating Substations

Modernization of the public service infrastructure and ensuring its compliance with the operating standards; enhancing the municipal standards of public utility services

Project life : 2010–2018

Estimated project cost : 91.03 mln rubles

Project geography : Strezhevoy city

Project investor/initiator : OOO STES

3 Development of Gas Supply and Gasification in Tomsk Region

Gas supplying of 33 245 private houses and 430 entities in 14 Tomsk region localities by construction of 1 704.60 kilometers of gas pipe line, 3 gas-distributing stations, complex of natural gas liquefaction and 5 station of receiving, storage and regasification of liquefied natural gas

Project life : 2015–2020

Estimated project cost : 15 491.55 mln rubles

Project geography : Tomsk Region localities

Project investor/initiator : Tomsk Region Administration

Investment Projects in Tomsk Region: Power, Water & Gas Production and Distribution

Construction and Reconstruction of Electrical Grid PAO FSK EES in 2016-2020

4

Realization of investment program PAO Federal Grid Company of Unified Energy System in 2016-2020 (as far as it pertains to the fulfillment of the Agreement on cooperation between PAO Federal Grid Company of Unified Energy System and Tomsk Region Administration in development of the Unified National (all-Russian) Electrical Grid).
Ensuring the reliability of electricity supply to consumers, ensuring the possibility of connecting new consumers

Project life : 2016–2020

Estimated project cost : 342.00 mln rubles

Project geography : Tomsk Region

Project investor/initiator : PAO FSK EES

Creation and Reconstruction of Electrical Grid of PAO Tomskaya raspredelitel'naya kompaniya in 2016–2020

5

Realization of investment program PAO Tomsk Distribution Company in 2016-2020.
Ensuring reliable supply of power to consumers in Tomsk Region

Project life : 2016–2020

Estimated project cost : 3 737.90 mln rubles

Project geography : Tomsk Region

Project investor/initiator : PAO Tomskaya raspredelitel'naya kompaniya

Investment Projects in Tomsk Region: Power, Water & Gas Production and Distribution

Construction and Reconstruction of Electric Grid of OOO Gorseti in 2015-2019

6

Realization of investment program OOO Gorseti in 2015-2019.
Increase of reliability of power supply and quality of electric power

Project life : 2015–2019

Estimated project cost : 800.00 mln rubles

Project geography : Tomsk

Project investor/initiator : OOO Gorseti

Construction and Reconstruction of Electric Grid of OOO Electroseti in 2015-2017

7

Realization of investment program PAO Tomsk Distribution Company in 2015-2017.
Increase of reliability of power supply and quality of electric power

Project life : 2015–2017

Estimated project cost : 109.00 mln rubles

Project geography : Tomsk

Project investor/initiator : OOO Electroseti

Investment Projects in Tomsk Region: Power, Water & Gas Production and Distribution

Construction and Reconstruction of Electric Grid of AO TomskRTS in 2016-2018

6

Realization of investment program AO TomskRTS in 2016-2018.
Increase of reliability of power supply and quality of electric power, increase the capacity of main heating networks for connection of new consumers

Project life : 2016–2018

Estimated project cost : 1 247.00 mln rubles

Project geography : Tomsk

Project investor/initiator : AO TomskRTS

Construction and Reconstruction of Electric Grid of AO Tomsk Generation in 2016-2018

7

Realization of investment program AO Tomsk generation in 2016-2018.
Increase of reliability of power supply and quality of electric power

Project life : 2016–2018

Estimated project cost : 867.56 mln rubles

Project geography : Tomsk

Project investor/initiator : AO Tomskaya generatsiya

Investment Projects in Tomsk Region: Agriculture and Forestry

1 Creation of a Seed Center for Elite Seed Production

Production of elite seed potatoes is 4,700 tons/year.
Increase of the area of one-time storage by 8 000 tons

Project life : 2015–2018

New jobs: 20

Estimated project cost : 228.00 mln rubles

Project geography : Trubachevo settlement, Tomsky District

Project investor/initiator : OOO Kolpakov

2 Construction of a Cattle-Breeding Complex for 800 Head of Cattle (cows)

Production of milk is 5 300 tons/year

Project life : 2016–2018

New jobs: 10

Estimated project cost : 579.00 mln rubles

Project geography : Yagodnoye settlement, Asinovsky District

Project investor/initiator : OOO Sibirskoe moloko

3 Construction of a Barn for 192 Places with a Built-in Dairy Unit and Cattle-Breeding Premises for a Total number of 500 Head of Cattle

Production of milk is 1 200 tons/year

Project life : 2016–2018

New jobs: 30

Estimated project cost : 70,00 mln rubles

Project geography : Pudovka settlement, Krivosheinsky District

Project investor/initiator : SPK Belostok

Investment Projects in Tomsk Region: Agriculture and Forestry

Construction of 240-Cow Dairy Farm (2 priority)

Construction of a loose-housing farm. Expansion of the milking herd. Milk production - 1 200 tons/year

New jobs: 10

Project life : 2015–2018

Estimated project cost : 130,00 mln rubles

Project geography : Kudrinsky Uchastok, Tomsky District

Project investor/initiator : SPK Nelyubino

Reconstruction of Dairy Complex With a 800 Head of Cattle

Milk production – 2 500 tons/year

New jobs: 3

Project life : 2015–2018

Estimated project cost : 186,70 mln rubles

Project geography : Rybolovo settlement, Tomsky District

Project investor/initiator : OOO SPK Mezheninovsky

Construction of Dairy Complex for 1 650 Head of Cattle

Milk production – 8 900 tons/year, increasing of dairy herd up to 2 100

New jobs: 50

Project life : 2015–2016

Estimated project cost : 642,00m rubles

Project geography : Turuntaevo settlement, Tomsky District

Project investor/initiator : OOO SPAS

Investment Projects in Tomsk Region: Agriculture and Forestry

Reconstruction of the Tomsky Pig-Breeding Complex

Meat (pork) production – 34 200 tons/year

Project life : 2015–2018

Estimated project cost : 2 500.00 mln rubles

Project geography : Novonikolaevka settlement, Asinovsky District

Project investor/initiator : AO Sibirskaya agrarnaya gruppa

Construction and Modernization of a Meat Cattle Farm for 800 Head of Cattle

Meat (cow) production - 50 tons/year

Project life : 2016–2018

New jobs: 11

Estimated project cost : 142.00 mln rubles

Project geography : Chazhemto settlement, Kolpashevsky District

Project investor/initiator : Peasant farm enterprise Sinitsin V.S.

Organization of Slaughter and Processing of Meat Shop

Construction of slaughtering and meat processing shop, in accordance with international standards, producing high quality products.

Meat (cow) production – 8 900 tons/year, increasing of dairy herd up to 2 100

Project life : 2015–2018

Estimated project cost : 642.00 mln rubles

Project geography : Kargala settlement, Shegarsky District

Project investor/initiator : SPK Kargalinsky

Investment Projects in Tomsk Region: Agriculture and Forestry

10

Construction of a Cattle-Breeding Complex of Meat Direction "Mramornaya Ferma" (Marble Farm) for 1 000 brood stock

Meat (cow) production – 205 tons/year

Project life : 2016–2018

New jobs: 25

Estimated project cost : 410.00 mln rubles

Project geography : Berezovka settlement, Pervomaysky District

Project investor/initiator : OOO Berezovskaya ferma

11

Construction of the dairy farm "Molochnaya Ferma" (Dairy Farm) for 2 600 Head of Cattle Milking Herd

Meat (cow) production - 50 tons/year

Project life : 2016–2018

New jobs: 240

Estimated project cost : 3 287.00 mln rubles

Project geography : Mazalovo settlement, Tomsky District

Project investor/initiator : OOO APK Pervomaysky

12

Development of Production of Leguminous and Feed Crops

Production of cereal crops – 43 600 tons/year

Project life : 2016–2018

New jobs: 180

Estimated project cost : 1 000.00 mln rubles

Project geography : Kuyanovo settlement, Pervomaysky District

Project investor/initiator : OOO APK Pervomaysky

Investment Projects in Tomsk Region: Agriculture and Forestry

Construction of the Cattle-Breeding Complex "Krolichiya Usadba" (Rabbit Manor) for 1 200 brood stock

13

Meat (rabbit) production – 80 000 tons/year

Project life : 2016–2018

New jobs: 25

Estimated project cost : 80.00 mln rubles

Project geography

: Novo-Kuskovo settlement, Asinovsky District

Project investor/initiator

: OOO Universal product

Investment Projects in Tomsk Region: Fish culture

Fish Reproductive Complex Aquabiocenter of the Tomsk region

1

Reproduction of fish and compensation for damage caused to fish stocks of the Ob River: creating the broodstock of sturgeon (with annual production amount of 1 million units) and whitefish (with annual production amount of 3 million units); organization caviar selection item on whitefish and sturgeon spawning grounds of the Tomsk region and the creation of the broodstock of the Siberian sturgeon, peled, muksun, white salmon, sterlet for annual production of caviar with subsequent incubation, rearing larvae and stocking the reservoirs of the Tomsk region

New jobs: 86

Project life : 2014–2019

Estimated project cost : 1 052.30 mln rubles

Project geography : Tomsky District

Project investor/initiator : Tomsk region Department of Hunting and Fishery

Investment Projects in Tomsk Region: Food Industry

Technological Modernization of Production

Beer up to 10.0 mln Dal. / Year, non-alcoholic beverages up to 4.0 mln dal/year

Project life : 2016–2023

New jobs: 300

Estimated project cost : 800.00 mln rubles

Project geography : Kozhevnikovo village, Kozhevnikovsky District

Project investor/initiator : OOO Pivovarnya Kozhevnikovo

Technological Modernization, Renewal of Equipment, Production Modernization and Development of the Beer and Soft Drink Market

Expansion of in-house market production of beer up to 19.0 mln dL/year, soft drinks up to 4.1 mln dL/year

Project life : 2011–2020

New jobs: 110

Estimated project cost : 1 735.00 mln rubles

Project geography : Tomsk

Project investor/initiator : OAO Tomskoye Pivo

Creation of Enterprise for Processing and Preserving Fruits, Vegetables and Wild-Growing Raw Materials of the "Tomsk Konservniy Zavod"

Creation of an enterprise for deep processing of wild plants, vegetables and fruits in order to obtain the finished product and its further sales under own brand name Taiga delicacies and Privilegio

Project life : 2016–2018

New jobs: 12

Estimated project cost : 49.50 mln rubles

Project geography : Tomsk

Project investor/initiator : OOO ZagotProm

Investment Projects in Tomsk Region: Food Industry

Modernization of Production of Confectionery Products Based on Pine Nuts, Seeds, Berries and Dried Fruits

4

Collection and deep processing of nuts and berries with innovative technologies

Project life : 2014–2022

New jobs: 19

Estimated project cost : 39.71 mln rubles

Project geography : Timiryazevskoye settlement, Tomsky District

Project investor/initiator : OOO Snack Food

Organization of Production of Food Products, Raw Materials for the Production of Dietary Supplements and Cosmetics based on the Complex Processing of Fruit and Berry crops and Pine Nuts

5

Organization of production of fruit and berry puree, juice, oils from berries, cedar oil, cedar milk and cream from the core of pine nuts. Star-up production line for the processing of fruit and berry crops with a design capacity for processing berries to 2 000 tons/year and products from the core of pine nuts to 100 tons/year

Project life : 2014–2019

Estimated project cost : 115.00 mln rubles

New jobs: 46

Project geography : Tomsk

Project investor/initiator : OOO TPK Sava

Investment Projects in Tomsk Region: Food Industry

Development of Production of Unique Fruit and Fat Stuff for Confectionary Industry based on Nature Hydrocolloids

6

Organization of large-tonnage production and launch of unique fruit and berry fillings for the confectionery and dairy industry, including import substituting

Project life : 2013–2018

New jobs: 93

Estimated project cost : 39.71 mln rubles

Project geography : Tomsk

Project investor/initiator : OOO TPK SAVA

Implementation of Complex Innovative Project for Organization of High-Technology Advanced Processing of Wild Plants

7

Modernization of production, enhancing energy efficiency of industrial processes by using innovative equipment; assimilation of new manufacturing technologies to improve product quality and competitiveness; product line extension by adding products of advanced wild crop processing; increasing production and sales, expansion of sales markets in regions of Russia, CIS and EU countries

Project life : 2013–2022

Estimated project cost : 69.90 mln rubles

New jobs: 5

Project geography : Tomsk

Project investor/initiator : OOO NP Sibirskaya Orekhovaya Kompaniya

Investment Projects in Tomsk Region: Food Industry

Development of Laboratory Regulations for the Manufacture of Pastilles with Prebiotic, Immunomodulatory and Anti-Inflammatory Properties

Development and implementation of laboratory regulations for manufacturing pastille in production

Project life : 2015–2021

New jobs: 9

Estimated project cost : 21.00 mln rubles

Project geography : Timiryazevskoye, Tomsky District

Project investor/initiator : OOO NP Sibirskaya Orekhovaya Kompaniya

Modernization of Confectionary Staff Industry Based on Pine Nuts, Crops, Berries and Dry Fruits

Creation of enterprise for the collection, deep processing of nuts and berries with innovative technologies, transition to high-tech production, improvement of efficiency of organization of business processes

Project life : 2014–2022

New jobs: 19
